Who’s Invited? Principals, district administrators, financial officers and categorical funding experts are invited to join a conversation with the California Alliance for Arts Education about how schools can increase student engagement, achievement and parent involvement through high quality arts programs in Title I schools.

What’s It All About? Leaders from districts and schools will share stories of how they successfully negotiated the Title 1 process to fund arts strategies that support their school site plans. Leaders from the Alliance, the California Department of Education, and the Alameda County Office of Education will share state and federal guidance on how schools can use arts education strategies to achieve Title I goals.

How Will It Affect My School? This meeting is part of a statewide strategy to build a network of schools and districts who are committed to bringing high quality arts education and arts integrations strategies to Title I schools. Participants will also receive information on best practices and research that can be used to support these efforts.
